2. Minutes of previous meeting

The minutes were approved.

3. Bremen meeting

A small delegation of the Rotterdam Port Authority has recently visited Bremen and organized an 'Ad-Hoc' meeting including a delegation from Hamburg. The purpose of this meeting was to clarify the position of the German ports.

4. PROTECT STATEMENT

It was agreed to prepare a 'PROTECT STATEMENT ON THE IMPLEMENTATION OF EU DIRECTIVE 2010/65'.

A special page on the PROTECT website www.protect-group.org will be created where all relevant documentation and information will be provided for the benefit of the PROTECT members and perhaps others who are involved.

5. Implementation Scenarios

Raymond gave a presentation with the various different implementation scenarios that can be considered. His presentation can also be found on the special webpage or can be downloaded [here](#).

6. Further process; things to do.

- We should bring the Statement to the organization we would like to address, not send
- Publish the statement on the PROTECT-group website
- To design factsheets, demonstrating our experience and knowledge

- Refer to: White Paper EPCSA and check coherence
- Refer to: EHMC statement on implementation of 2010/65 and check coherence
- To supplement the statement with an Observation: Quick scan of implementation 2010/65 in the EU. (action: translation)
- Check the minutes from Antwerp, whether all remarks are covered by the Statement
- On behalf of the PROTECT-group, Herman will approach EMSA directly, and “brings” the Statement.
- Invite EMSA for demonstrating “good practice in information exchange” in ports, and clarify what is already available for the purpose of the implementation of Directive 2010/65>> To organize a workshop in Rotterdam for this purpose (planned in February 2014)
- Make a timetable to plan the PROTECT-group meetings (date/time/place) – up to June 1, 2015 at least every 3 months.
